## Optical Media and Documents High Security "Energy Smart" shredder with Automatic Oiler

### KOBRA 400 HS-COMBI

Security level:	<b>OPTICAL MEDIA</b>	<b>PAPER</b>
Throat width:	<b>Top Secret</b>	<b>5</b>
Shred size:	130 mm.	240 mm.
Sheet capacity (A4/70 gr. paper):	1,5x2,5 mm.	0,8x9,5 mm.
Credit card capacity:	yes	17/19 sheets
CD, DVD, Blue-ray disc capacity:	yes	
Disks per hour:	up to 3.000	
<b>Automatic oiler:</b>	yes	
<b>"ENERGY SMART" System:</b>	yes	
<b>24 hour continuous duty motor:</b>	yes	
Speed:	0,15 m./sec.	
Noise level:	60 dba	
Voltage:	230 V.	
Power:	2100 Watt	
Dimensions (WxDxH):	60x48x93 cm.	
Weight:	110 Kg.	

High Security shredder suitable for combined high security shredding operations of **Optical Media** (CDs, DVDs including 80 mm. mini disks, Blue-Ray Disk and credit cards) and **"Top Secret" documents**. KOBRA 400 HS-COMBI has been developed to meet the highest security standards of Military Bodies, Government Agencies and each application requiring maximum security. It can shred up to 3000 optical media per hour. The **special 2.5 x 1.5 mm cutting system**, which is the highest security level today available for optical media, can shred an optical media disk into over 3,000 microchips which exceeds the Optical Media Destruction Devices guidelines and the ASIO T-4 standards for **TOP SECRET** level destruction of Optical Media. The tiny size of the shreds doesn't allow any possibility to retrieve or read any information left on small optical media particles even through specific and dedicated electronic equipments. A second cutting system with a 0,8x9,5 mm. cut (Level 5) provides high security shredding of "Top Secret" documents. The special integrated automatic oiling system automatically lubricates cutting knives during the operation of the shredder for continuous maximum shredding capacity. KOBRA 400 HS-COMBI it's equipped with the **"ENERGY SMART"** system for zero power consumption in stand-by mode and with a powerful **24 hour continuous duty motor**.

- Suitable for **combined high security shredding of Optical Media and "Top Secret" documents**
- Special **1,5x2,5 mm.** cutting system for Optical Media
- Second cutting system with a **0,8x9,5 mm.** cut for "Top Secret" documents
- **"Automatic Oiling System"**: automatically lubricates cutting knives
- **"ENERGY SMART"** management system for **zero power consumption in Stand-by mode**
- **24 hour continuous duty motor**: no overheatings, no duty cycles
- Heavy duty chain drive with steel gears **"SUPER POTENTIAL POWER UNIT"**
- Strong and reusable 80 liter cloth bag for Optical Media shreds
- Recyclable 110 liter plastic bag for paper shreds
- Steel cabinet mounted on casters
- Automatic Start/Stop through electronic eyes
- Automatic Stop when bag is full and electronic door safety switch
- Automatic Stop/Reverse/Clear in case of jams
- Accessories: plastic waste bags (100 pcs.) code 99.206, oil bottles (5 bottles of 1 liter each) code 51086
- Motor thermal protection
- Certification marks: CB – CSA - CE
- Manufacturer: Elcoman – Via Gorizia n° 9, 20030 Bovisio Masciago, (Milan) – Italy
- Packaging: 1 unit per box
- EAN Barcode 8 026064 996020

**2 separated 130 mm. and 240 mm. entry openings** for a combined high security shredding of Optical Media and paper

**"AUTOMATIC OILER"**  
 Special automatic integrated oiling system. Automatically lubricates cutting knives during the shredding operation

**2 separated sets of cutting blades:**  
 1 set dedicated to shred paper and the 2<sup>nd</sup> set for CD, DVD, Blue-Ray disc and credit card shredding
